

IMPORTANT INFORMATION

About Your next appointment

On Arrival 

You **MUST** arrive as close to the appointment time as possible, if you are late, we might have to reschedule your appointment. Appointments can't run over as we will not be able to meet social distancing requirements.

*You **MUST** come to your appointment on your own, we cannot allow anyone to sit by you due to space in the salon.*

HAND SANITISER.

When you enter the building our salon co-ordinator will meet and greet you. We ask that the first thing you do when you enter is that you sanitise your hands using the hand gel, this will be kept on reception. We will also be taking your temperature. We will be asking screening questions before we sit you down.

Lets get you seated...

You'll be taken to your seat, this will already be cleaned prior to your appointment. If you happen to touch any surfaces or your face you will need to re-sanitise. Hand sanitisers will also be available at every station.

Masks & HYGIENENE

Your stylist will wear a protective visor and mask throughout the whole of your appointment. From the 8th of August the regulations changed and now requires all guests to wear a face covering throughout their visit. We will also be using disposable gloves, aprons, towels and gowns for the foreseeable future. Seckingtons can't take any responsibility for reusable masks that may be damaged. We will provide guests with a mask on arrival.

Be CONSIDERATE.

If you feel you need to cough or sneeze please use the tissues provided. If this isn't possible please cough into your arm. Hand sanitisation after this is required and all tissues must be placed into a bin. There are lots of extra ugly bins dotted around the salon.

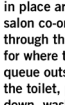

ENTERTAINMENT.

There will be no magazines, however you are able to bring your own and your phone to keep you entertained.

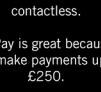

We have complimentary digital magazines available for all guests to log into. We ask you to disinfect your mobile before you arrive. We will not be providing phone chargers, so again, please feel free to bring your own.

There will be a stop-start system in place around the salon. The salon co-ordinator will walk you through this. There will be stickers for where to stand if there is a queue outside the toilet. If you use the toilet, please flush with the lid down, wash or sanitise your hands and then use the hand dryer.

Payment & BOOKING.

The salon co-ordinator will organise any products you wish to buy, take your bill and book any future appointments from your seat. This can take place at any time of the appointment. We recommend that all products bought are kept in the bag for 72 hours.

All payments must be card or contactless.

Apple Pay is great because you can make payments up to £250.

PPE.

we are implementing a surcharge on all appointments to contribute to the price of PPE, this will be £5 per client.

The only instance in which we will not have to adhere to Covid safety procedures is in an emergency or to provide first aid.

If you have any symptoms of coronavirus, no matter how minor, you **MUST** cancel and reschedule your appointment.

Failure to observe our safety measures may result in us not being able to complete your service.

We really appreciate you following these measures. This is the new normal, but let's hope that it's not forever and we can return one day to the lovely guest journey that we used to provide.

Can't wait to see you!
